

Intimacy

Are you seeking for a partner?

Dear enthusiastic 20 years old, do you constantly feel lonely? Are you looking for a companion?

All of these feelings are natural at your stage, "Formal Operational," and "Intimacy vs. Isolation" stage. Since you're entering a new age of 20s, it is a time for you to develop a special relationship with someone to avoid possible loneliness and isolation. Whether it be your true love or your lifelong friend, you need another half that will fill your life; earlier the better!

"Finding a Road Companion," just as the name suggests, will get you a soulmate through various exciting activities!

VS

Isolation

Finding a Road Companion

Surfing

One of our activities is surfing. Our camp is at the ideal location for surfing as it faces the beautiful sea to surf on. It's a perfect opportunity for you to enjoy sport as well as to grow intimacy with new people you've met at the camp. While you help each other out, surf through the waves, you'll naturally get to talk, cooperate, and fondle with one another. That's how all the relationship starts!

If you don't feel going outside but still want some action and fun, bring your newly met friend/partner to bowling! Our camp's bowling is definitely one of the best facilities that you'll ever encounter: balls with different weights, clean bowling shoes, and a huge snack bar.

Not only bowling is an indoor activity but it also provides you with skin-ship by teaching the other how to hold the ball, and roll it. This will increase the physical contacts and you will immediately get closer with the new companion. At your age, interaction with others is crucial as it will help you avoid being isolated and feeling rejected. Don't miss the chance and come join our camp's bowling!

Camping

Nature and your new relationship! Our summer camp offers 3 day-camping for you to spend time with both. The camp site is located near the lake and we provide you with basic camping tools. Through camping, you familiarize with new companies and explore the nature at the same time. The camping activities include fishing, swimming, biking, hiking, firework, and of course, the camp fire!

All of these activities are thoughtfully designed to aid your 20s so you can build strong intimacy and not head to the road of loneliness.
